Subject: Wyoming Swim Meet

KAC Families,

I want to thank all of the parents, kids, coaches, the Parent Committee and Kentwood Public Schools for making our meet yesterday a big success! I can't thank everyone individually, but a special thank you goes to Jock Ambrose, Vahe and Torrie for running the scoring system flawlessly. I didn't get a chance to thank them before they left. However, the importance of that system cannot be understated when planning for a large swim meet. I also want to thank Jerry Akers for everything he has done for us this year at a time when his kids are long gone from KAC. I'm not sure our club would be this far along without him.

There is no question that this was a huge meet and an important fund raiser for us. Everyone who participated can take pride in what we accomplished! It was our first big meet and the first meet of the season for the West Michigan Swim League and all eyes were on us - Our team definitely rose to the occasion. We heard some great comments from the participants, including the other teams! We learned a few things throughout the day that we will continue to fine tune, but I don't believe anyone can suggest that the day was anything other than a rousing success.

Thanks again to everyone who helped make yesterday a reality! The kids of Kentwood would not have KAC if not for all of you. I think our Team came together and represented Kentwood very well!

Brian Moore

Parent Committee President
