Subject: Saturday's Meet

Parents,

Just a quick reminder that there are only two more days left to sign up for this Saturday's meet against Grandville. The sign up sheet will be taken down after Tuesday's practice. This is a home meet and should be a very competitive/fun meet, so we hope that everybody on the team signs up! The coaching staff has been looking forward to this meet, since Grandville has a large team, with a lot of talent. Beating Grandville would be a great accomplishment!

Once your child is signed up for the meet, the coaching staff is expecting that they show up for the meet. We have been having some problems at the past two meets with swimmers signing up and not showing up. This has been a problem because a lot of swimmers are in a relay and the three other swimmers that comprise the relay are counting on them to be at the meet, so they can swim their relay. We have had to cancel relays due to swimmers not showing up for the meet. We do realize that there will be emergencies or other reasons for not being able to attend a meet. In this case, please give me a call and leave me a message if I can not pick up at that time. This will give me time to try and fill in someone for that relay and have it taken care of before the meet starts. Thanks for your understanding and everything you have done to make this a successful season for KAC!!

Coach Josh
