Subject: Ludington Meet

Everyone,

We just received word from Ludington that we will not be able to start warm-ups tomorrow until approximately 11:30 am. They will still try to start the meet by 12:00 to 12:15. Since many of us will be driving up in the morning, the extra time may not be a bad thing. It seems that we should still try to be there approximately 30 min. before warm-up if possible.

Sorry for the last minute change.

Brian Moore
