Subject: KAC Registration

Hello KAC Families,

As promised, here is some additional information regarding the upcoming Fall/Winter season for the KAC Predators. The West Michigan Swim League has been split in to four divisions this year. We will be swimming in division three with Grandville, Grand Rapids Gators and Northview. We will have meets as follows:

1. December 12 - KAC "Rock The Blocks" Invitational
2. December 19 - Zeeland Classic Invitational
3. January 9th - Home Vs. Northview
4. January 16th - Home vs. Gators
5. January 23rd - Away vs. Grandville
6. January 30th - Home vs. Gators
7. February 6th - "B" Conference Meet (time and location to be determined)
8. February 12th - 11 & up "A" Conference Meet @ Byron Center
9. February 13th - 10 & Under "A" Conference Meet @ Zeeland

We will start practice on November 16th and will practice on M,T,Th,F. During the first week the 10 & under group will practice at 7:00 pm and the 11 & up kids will practice at 8:00 pm due to a conflict with the high school team. After the first week, practice times will revert to 6:30pm - 7:30 pm for the 10 & under group and 7:30pm - 9:00 pm for the 11 & up group.

You can register by completing the attached form and sending it with your payment to Dawn Leedham using the address on the form. We will also have registration during the first week of practice beginning at 6:30 pm. We are receiving a lot of inquiries about the program this year, due in part to other area WMSL programs reaching capacity. Although we don't expect a capacity problem, it would really help us if you could register early. This will enable us to fine tune our coaching plans according to the number of kids in each age group.

In the unlikely event that our registration exceeds capacity, we will provide priority to Kentwood residents and anyone who has been a part of the program during the most recent winter or summer seasons if their registration is received before 11/16. After that date, priority would be assigned on a first registered first served basis. Again, we don't think this will be a problem and we are making plans to avoid it if at all possible. Obviously, we would return any registration fees submitted by anyone who cannot be accommodated due to capacity problems.

If you have any questions, please don't hesitate to contact us. I know the coaches are looking forward to seeing the kids in the pool soon!
