Subject: KAC Reminders

KAC Families,

This is just a reminder for several things happening this coming week for KAC.

1. Our Invitational meet is coming up on Saturday and there is a lot of work ahead of us this coming week for that very important meet. We will be preparing awards, rosters, heat sheets, planning for concessions and marshalling, etc. Please sign up to volunteer on Saturday in some area as soon as possible. We need everyone's help to make this meet happen!
2. We will have practice M,T,W,F. There is a high school meet at the pool on Thursday, so we will substitute a Wednesday practice instead.
3. All T-shirt, sweatshirt and other merchandise orders (except swimsuits) need to be in on Monday so that we can get an order in asap. Remember that we still have some t-shirts, sweatshirts, towels and other items that are in stock and ready for purchase. These items would make great Christmas gifts!
4. Swimsuit orders were to be in by Thursday, but the order has not gone in yet. It will go in later today or tomorrow morning. We might be able to get yours in if you call us with your sizes asap. You can call Beth Moore at 455--2436. We will also try to check this email address before sending the final order.

Thanks to everyone who volunteered to help at the last minute with our mock meet. Although we ran a little long and didn't get the relays in, I think it was an overall success. The coaches received a lot of good input on what the kids need to work on and we all got a little practice before the real meets begin. Just so you know, we got started a little later than we had hoped due to the fact that a new computer was installed only two days before the meet and it needed a little special attention. I think we have that all worked out and it will be a great improvement in the long term. It is better to make the adjustments for the mock meet than at our invitational!

Thanks again for everyone's help,

Brian Moore
