Subject: Thanks for Two Great Meets

KAC Families,

We have had two very successful meets and the kids are doing GREAT! They had some fantastic swims today with many kids having their personal best times. I just wanted to say Thank You to everyone that has volunteered their time to help with the meets, donated to the concession stand, or helped in any other way. I have heard several comments about how much people like to come to Kentwood for a meet and we couldn't do it without the help of the Parent Committee, parent volunteers, coaches, KPS and the pool staff. We all saw today how important the work of the lifeguards and pool staff can be. They executed their job perfectly when they were called upon to help a struggling swimmer or two. Please take a moment to thank them the next time you are at the pool.

Thanks again to all and let's keep the momentum going into our meet next week against the Grand Rapids Gators!! Once again, we will need many volunteers for that meet. If you have not had the opportunity to help out yet, please consider doing so.

Thanks again,

Brian Moore
Parent Committee President
